AGENDA (all times are Central Standard Time)

Introduction

8:30-8:40am

Introduction of Symposium

Welcome to Meeting: David Perlmutter, MD, Executive Vice Chancellor for Medical Affairs, Dean of the School of Medicine, Washington University in St Louis. Introduction by **Scott Hultgren, PhD**, Helen L. Stoever Professor of Molecular Microbiology, Director of Center for Women's Infectious Disease Research, Washington University

Symposium Opening Comments: Christina Stallings, PhD, Associate Professor, Department of Molecular Microbiology, Director of Molecular Microbiology and Microbial Pathogenesis Graduate Program, Center for Women's Infectious Disease Research, Washington University

Session 1: SARS-CoV-2 pathogenesis, treatment, and prevention

8:40-9:45am

Moderator: Christina Stallings, PhD, Associate Professor, Department of Molecular Microbiology, Director of Molecular Microbiology and Microbial Pathogenesis Graduate Program, Center for Women's Infectious Disease Research, Washington University

Keynote: Susan Weiss, PhD, Professor, Department of Microbiology, University of Pennsylvania Perelman School of Medicine, <https://micro.med.upenn.edu/faculty/?key=p11346> (20 minutes)

Speaker: Kanta Subbarao, MBBS, MPH, Director of the WHO Collaborating Centre for Reference and Research on Influenza, Doherty, <https://www.doherty.edu.au/people/dr-kanta-subbarao> (8 minutes)

Speaker: Liise-anne Pirofski, MD, Professor, Departments of Medicine (Infectious Diseases), Microbiology & Immunology; Chief, Department of Medicine Division of Infectious Diseases; Selma and Dr. Jacques Mitrani Chair in Biomedical Research, Albert Einstein College of Medicine, <https://www.einstein.yu.edu/faculty/8131/liise-anne-pirofski/> (8 minutes)

Keynote: Ralph Baric, PhD, William R. Kenan, Jr. Distinguished Professor, Departments of Epidemiology and Microbiology and Immunology, https://sph.unc.edu/adv_profile/ralph-s-baric-phd/ (15 minutes)

15 minutes of Questions

Addresses 9:50am

9:45-10:30am

Moderator: Jeff Henderson, MD, PhD, Associate Professor of Medicine Division of Infectious Diseases, Center for Women's Infectious Disease Research, Washington University in St. Louis

Highlighting COVID-19 work at Washington University in St. Louis

Speakers: Sebla Kutluay, PhD, assistant Professor, Department of Molecular Microbiology, Center for Women's Infectious Disease Research, Washington University in St. Louis, <https://kutluaylab.wustl.edu/>, **Sean Whelan, PhD**, Marvin A. Brennecke Distinguished Professor and Head of the Department of Molecular Microbiology, Washington University in St. Louis, <https://medicine.wustl.edu/news/whelan-named-head-of-molecular-microbiology/>, **Michael Diamond, MD, PhD**, The Herbert S. Gasser Professor, Departments of Medicine Division of Infectious Diseases, Molecular Microbiology, Pathology & Immunology, Washington University in St. Louis, <https://infectiousdiseases.wustl.edu/faculty-staff/michael-s-diamond/> (30 minutes)

10 minutes of questions

10:30am

Speaker: Victor Dzau, MD, President, National Academy of Medicine, Vice Chair, National Research Council. Chancellor Emeritus and James B. Duke Professor of Medicine, Duke University <https://medicine.duke.edu/faculty/victor-j-dzau-md> (10 minutes)

Session 2: COVID19 Impact on Global and Public Health

10:40-12:00pm

Opening Comments to lead into Session 2: Janine Clayton, MD, NIH Associate Director for Research on Women's Health, Director, NIH Office of Research on Women's Health, <https://orwh.od.nih.gov/about/directors-corner> (5-10 minutes)

Moderator: William Powderly, MD, J. William Campbell Professor of Medicine; Larry J. Shapiro Director, Institute for Public Health; Director, Institute of Clinical and Translational Sciences; and Co-Director, Division of Infectious Diseases

***Keynote: TBD** (15 minutes)

Speaker: Haja Ramatulai Wurie PhD, Dean – Faculty of Nursing| Senior Lecturer – Biochemistry Department| College of Medicine and Allied Health Sciences, University of Sierra Leone, <https://sl.linkedin.com/in/isatta-wurie-12a31541> (8 minutes)

Speaker: Amina Jama Mahmud, PhD, Founder of the Women in Global Health, Somalia Chapter, and Project Director, Save the Children International, <https://ke.linkedin.com/in/amina-jama-mahmud-phd-383a334b> (8 minutes)

Speaker: Karen Joynt Maddox, MD, MPH, Assistant Professor, Washington University School of Medicine, Co-Director, Center for Health Economics and Policy, Institute for Public Health at Washington University <https://publichealth.wustl.edu/scholars/karen-joynt-maddox/> (8 minutes)

Keynote: Rosemary Morgan, PhD, Assistant Scientist, Johns Hopkins Bloomberg School of Public Health, <https://www.jhsph.edu/faculty/directory/profile/3395/rosemary-morgan> (15 minutes)

10 minutes of Question

Panel on Addressing Challenges

12:00 - 12:30 pm

Moderators: Carolina Lopez, PhD, Professor of Molecular Microbiology, Center of Women's Infectious Disease Research, Washington University in St. Louis and **Caline Mattar, MD**, Assistant Professor, Department of Medicine Division of Infectious Diseases,

Washington University in St. Louis, **Victor Davila, MD**, Professor of Medicine Division of Cardiology, Washington University in St. Louis

Panelists: Sean Whelan, PhD, Marvin A. Brennecke Distinguished Professor and Head of the Department of Molecular Microbiology, Washington University in St. Louis; **Sonia Deal, RN, MSN**, Director of Practice Transformation, Clinical Integration, Affinia Healthcare; **Arturo Casadevall, MD, PhD**, Chair, Molecular Microbiology & Immunology, Alfred & Jill Sommer Professor and Chair Bloomberg Distinguished Professor, Johns Hopkins Bloomberg School of Public Health; **Ericka Hayes, MD**, Associate Professor of Pediatrics, Infectious Diseases. **George Kyei, MBChB, PhD**, Assistant Professor of Medicine, Washington University School of Medicine, Senior Research Fellow, Noguchi Memorial Institute for Medical Research, University of Ghana

Concluding Remarks 12:30pm

12:30pm

Christina Stallings, PhD, Associate Professor, Department of Molecular Microbiology, Director, Molecular Microbiology and Microbial Pathogenesis Graduate Program, Center for Women's Infectious Disease Research, Washington University
