

RUTGERS
BIOMEDICAL AND
HEALTH SCIENCES

Faculty Position

Rutgers New Jersey Medical School is seeking applicants for a tenure-track faculty position. The Department of Microbiology, Biochemistry and Molecular Genetics seeks an individual with a strong commitment to research and education. Preference will be given to applicants with expertise in structural biology, biochemistry, or molecular biology.

Applicants must have a Ph.D. in Biochemistry, Microbiology, Infectious disease or a related field and post-doctoral research experience. Position responsibilities will include developing an independent extramurally funded research program, establishing collaborations both within the Department and across campus, and limited teaching in graduate and medical school.

This is a continuous recruitment. For early consideration, please apply by Friday October 28, 2022. To apply, interested candidates should visit <https://jobs.rutgers.edu/postings/147393> and submit a cover letter, curriculum vitae, research statement, and list of references.

For questions regarding this opportunity, please email Dr. Matthew Neiditch at neiditmb@njms.rutgers.edu.

Information about the department may be found on our website at:
http://njms.rutgers.edu/departments/molecular_genetics/index.cfm.

Rutgers University is an AA/EEO employer. All applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship, disability or protected veteran status.
