

## **Tick-Borne Specialist Physician – Aspirus Tick-Borne Illness Center | Leading Treatment and Research Center | Desirable Wisconsin Location**

The Aspirus Tick-Borne Illness Center in Wisconsin is seeking a tick-borne specialist physician to join a team of doctors with experience and expertise in diagnosing and treating tick-borne illnesses. The successful candidate will treat cases involving fractured non-restorative sleep, gut-related issues, Mast Cell Activation Syndrome, biotoxin illness, and more. The Center is where patients turn to when no one else can help.

### **Opportunity Highlights**

- Compensation based on experience
- Be part of the nation's leading tick-borne illness information clearinghouse
- Opportunities for research to improve the diagnosis of tick-borne diseases
- Collaborate with other clinicians and researchers
- Recently remodeled office building
- Mentorship available
- EPIC EMR

### **Community Information**

The town of Woodruff, WI, is a hidden gem. Located in Northern Wisconsin, you'll be surrounded by lakes, streams, forests, and wildlife. It's excellent for families and individuals and has a cost of living that's more than 10% below the national average.

- Overall grade of A and named one of the best places to live in Wisconsin (*Niche*)
- Exceptional Livability Score (*Livability*)
- Outdoor lover's paradise, with four seasons of activities
- Surrounding adventures include a wildlife park and zoo, numerous lakes, zip lines, the world's largest penny, and Northern Lights viewing
- Highly-rated public schools and a safe community
- Affordable cost of living

### **Qualifications**

- Candidates must be eligible for medical licensure in the State of Wisconsin and must be board-eligible or certified
- Medical degree required

For immediate consideration please inquire with an updated copy of your CV so we can discuss the position by phone. Also, inform me of your best available times to speak. I look forward to your reply and thank you for your review. Please do not delay as we anticipate a significant response.
